

Monitor Campaigns & Target Influential Contacts

As media channels rapidly evolve and it becomes harder to get your story noticed, the need for PR and communications professionals to reach influential media, monitor coverage and trending topics and evaluate their communications programs grows more urgent.

Agility Plus is a cloud-based media database and monitoring service from Agility PR Solutions, which lets you identify influencers, amplify your message and measure impact of your communications.

Find Influencers

Leverage Agility's global media database and pinpoint key contacts and influential audiences for your communications. Identify print or broadcast journalists, social media influencers, bloggers and analysts from our immense database of almost 800,000 contacts in over 200 countries. Our team of researchers makes over 2 million updates and additions every year so you can depend on the accuracy of the contact information.

- » **Find Influencers.** Search our global database with over 760,000 journalists, outlets, bloggers and analysts by beat, keyword or region.
- » **Connect.** Gather reliable media outlet and author details, including email and social media contact info. Our research team continuously checks and updates contact information so you won't waste time with undeliverable emails or following up with authors who've changed jobs.
- » **Create Custom Lists.** Use the intuitive search function to compile contact lists for upcoming campaigns or based on topics of interest.

Amplify Messages

Agility helps you amplify your message by enabling personalized communication with key influencers. Send emails to your custom lists, right from the intuitive, cloud-based console. Track and measure communications — and share results with internal stakeholders and executives.

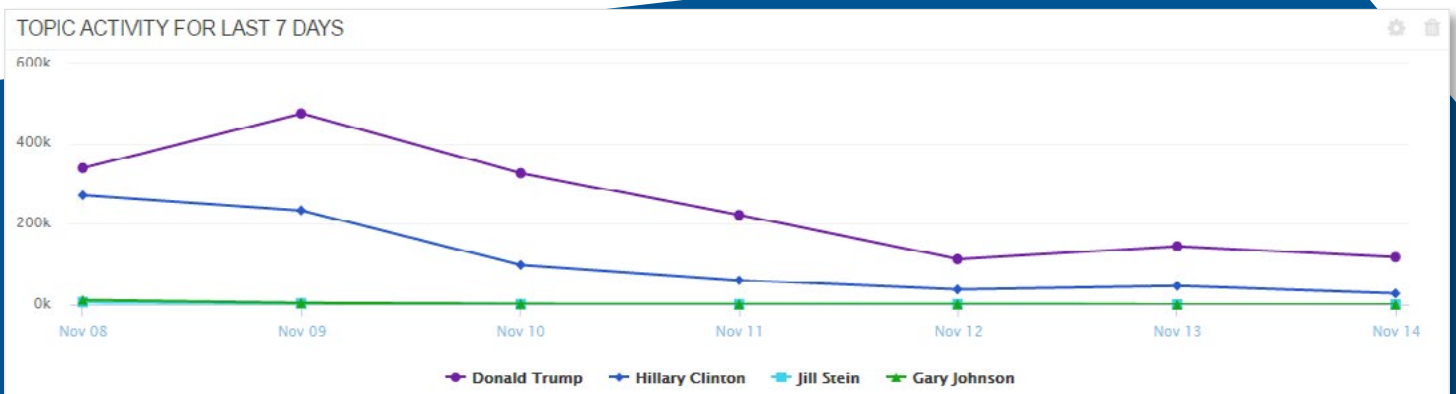

- » **Personalize Emails.** Add contact fields like name or outlet to your message and Agility will personalize emails.
- » **Track Engagement.** Track open and click rates of emails easily, right from the Agility console.
- » **Add multimedia content.** Send videos or additional sharable content to augment press releases.
- » **Generate Reports.** Understand activity level and sources for all campaign elements.

Monitor the Media Landscape

Understand what is being said about your business, competitors or trending topics in the industry across print, online news, blogs, TV, radio, and social media. Get actionable insight into your brand, sentiment and the topics important to you and your audience.

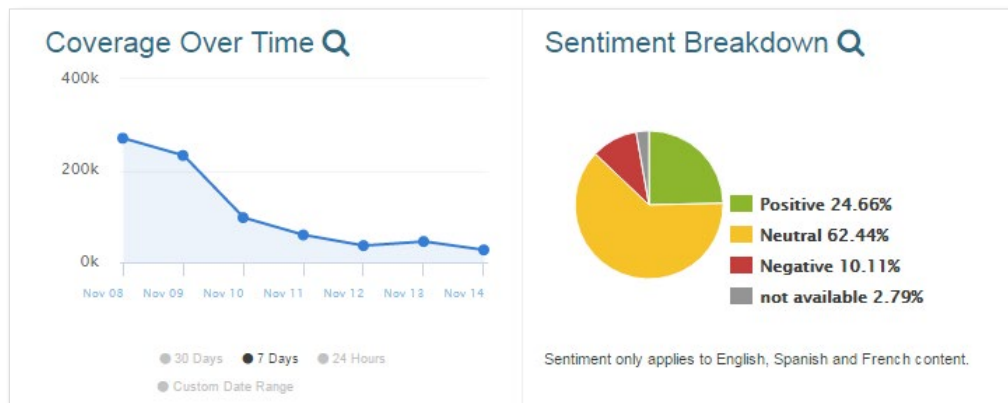

- » **Create Clipbooks.** Summarize coverage via filters like media type, geography, sentiment, Klout score, etc. Create custom clipbooks and export as a PDF, word document or spreadsheet.
- » **Monitor Sentiment.** Use analytics to understand sentiment of coverage for you and your competitors.
- » **Set Alerts.** Receive email alerts based on keywords or topics so you know in real-time when stories of interest or social media posts are published.
- » **Access Historical Online Data.** Set up any of your search terms to access up to 6 months of historical data to easily identify coverage and market trends.

Agility PR Solutions provides media database, monitoring, and analytics solutions to simplify the communications lifecycle. For over 10 years, organizations have trusted us to help them identify influencers, amplify messages, monitor coverage and measure results of their PR and communications strategies.
